

OHIO ASSOCIATION OF AMBULATORY SURGERY CENTERS ANNUAL EDUCATIONAL CONFERENCE

OAASC
Ohio Association of Ambulatory Surgery Centers

DRIVING

TOWARDS ASC EXCELLENCE

SEPTEMBER 18 - 19, 2019

Ohio-Specific Infection Prevention Preconference - September 17

Hilton Polaris | Columbus Ohio | 8700 Lyra Drive

THANKS TO THIS YEAR'S SPONSORS:

CPA / ADVISOR

PRECONFERENCE

TUESDAY, SEPTEMBER 17

10:00 A.M. - 4:00 P.M. INFECTION PREVENTION (1/2 HOUR LUNCH)

Comprehensive Infection Prevention Workshop

*MRSA:
A Personal Case Study*

A Primer to the New Certified Ambulatory Infection Prevention (CAIP) Certification

6:00 - PRECONFERENCE RECEPTION - LOBBY BAR AREA

WEDNESDAY, SEPTEMBER 18

8:00 - 9:00 a.m. Registration, Vendor Visits, Continental Breakfast, and Networking

9:00 - 9:15 a.m. Welcome Address

GENERAL SESSION - 9:15 - 10:15

Life in the Espresso Lane: How to Be Smooth, Bold, and Balanced in a Fast-Paced World

Laurie Guest

What if you could give yourself an instant pick-me-up by a simple change of thinking - even in stressful times? If you find yourself zapped after encounters with patients, doctors and co-workers, this course offers simple yet powerful ways to instantly become engaged, motivated, and energized. You will learn practical mental "lattes" - ideas you can serve yourself any time you need to get your perk on!

This fast-paced, fun, interactive program will give you the tools to blend your own energizer. You will leave with new pep and excitement for the day. After you savor her "cup of sanity" once, Laurie's humor and wisdom as a former ASC professional will make you want to drink in her ideas daily.

ATTENDEES LEARN:

- One action to become indispensable at work
- Behaviors to positively stand out from the pack
- The best way to build rapport with others
- Ideas to achieve personal balance in life

BREAKOUT SESSIONS 1 » 10:30 - 11:30 A.M.

SESSION 1A

Ohio ASC Legal Update: 2019 Hot Topics

*Stacey A. Borowicz
Gregory A. Tapocsi*

Are you aware of all of the changes in Ohio laws that impact your center - and not just the ASC specific ones?

This session provides updates on Ohio cybersecurity and data breach laws, scope of practice, mandatory reporting and related legal considerations to stay compliant.

SESSION 1B

QAPI And Your Benchmarking

Elethia Dean

So you benchmark and maybe post results for the Board and staff, but how do you translate that into a QUALITY QAPI study?

This session is a hands on approach to writing a QAPI study for accreditation, survey and continuous improvement utilizing your quarterly benchmarking.

SESSION 1C

Simple Steps for Enhancing Your Productivity

Rena M. Courtay

Centers are always looking for ways to become more cost efficient. A key to that is productivity. We'll define productivity, review staffing models, understand labor expense, formulate strategies to manage slackers as well as assist team with planning, prioritizing and streamlining their work.

11:30 A.M. - 1:00 P.M. » LUNCH, VENDOR VISITS AND NETWORKING

GENERAL SESSION - 1:00 - 2:00

Ohio ASC Update: Randy Leffler, OAASC | State of the Union for ASCs: Bill Prentice, CEO, ASCA

BREAKOUT SESSIONS 2 » 2:15 - 3:15 P.M.

SESSION 2A

Credentialing - Doing It Right and Documenting It Correctly

Cathy Montgomery

Credentialing standards and processes are often some of the most cited deficiencies in ASC surveys. In this session we'll talk about the difference between credentialing and privileging - and steps will be delineated to ensure compliance, and guidelines will be discussed that protect the ASC and the patient. It is imperative to make certain that your ASC's credentialing program has all of its essential elements in place including processes, documentation and knowledge of Ohio requirements before the inspectors and yes, even lawyers come calling.

SESSION 2B

Perioperative Temperature Management for ASCs: What's in Your Protocol?

Melissa Bailey

Many times, patients drop into a hypothermic state at some point during surgery. Even mild hypothermia has been shown to increase the risk for surgical complications.

Learn the importance of pre-warming, for short surgical procedures, the impact that anesthetic medications and how evidence-based practices can help you decrease the unintended perioperative hypothermia.

SESSION 2C

CMS Regulatory Update - What It Means to Ohio ASCs

Kara Newbury

As usual, CMS has a new payment update for ASCs, but if like always it will also include changes in a variety of other areas.

Hear the latest update for Ohio centers and what you need to do to prepare financially and possibly clinically for these changes.

BREAKOUT SESSIONS 3 » 3:30 – 4:30 P.M.

SESSION 3A

Compliance with CMS Emergency Preparedness Regulation – an Ohio Perspective

Kay Vonderschmidt

ODH is ratcheting up expectations for emergency preparedness in all health care facilities.

Ensure you have all systems in place for your center in this Ohio-specific informational session.

SESSION 3B

Managing Disruptive Physician Behavior

Rena M. Courtoy

Almost every center has a least one physician or staff member that could be considered disruptive – you know who that is.

In this session, learn the definition of disruptive behavior, discuss the problem's scope, review actual scenarios and examine best practices for dealing with this behavior before it get totally out of hand.

SESSION 3C

Advanced Case Costing – What You Need to Know for Productivity and Working with Doctors to Reduce Supply and Implant Costs.

John Goehle

There is only one way to ensure that the procedures you are already performing or plan to add are affordable based on your reimbursement and that is make sure your center is doing appropriate case cost analyses. We'll discuss all the aspects that need to go into your case cost analysis and share how you can utilize it for efficiencies and reduce overall costs per procedure.

September 18, 5:30 – 8:30 p.m.
TOPGOLF Columbus

Who in our Ohio ASC community is the next Jack Nicolas of the OAASC?

Join us for an entertaining evening of fun at one of the area's newest and most exciting venues to find out. TOPGOLF, located minutes from our hotel, offers multi-level, state of the art golfing experience in a high tech setting along with other games. Not a golfer.. no worries, this is an incredibly fun way to try. An instructor will be on site to answer any questions and help improve your game. We'll have prizes for the best (maybe worst and maybe the best dressed) golfers in our ASC world.

We'll enjoy great food and drinks in a private rooftop terrace with our own golf bays! Also TOPGOLF is located adjacent to IKEA if you want to shop after some food, drink and some fun.

THURSDAY, SEPTEMBER 19

- 7:00 – 8:00 a.m.** Registration, Vendor Visits, Continental Breakfast, and Networking
- 8:00 – 8:15 a.m.** Day 2 Welcome Address

GENERAL SESSION - 8:15 - 9:15

***The Impact of Ethics on Engagement and Productivity
Three Secrets for Creating a Culture of Affluence***

Yonason Goldson

BREAKOUT SESSIONS 4 » 9:30 – 10:30 A.M.

SESSION 4A

What a Surveyor Is Looking For? Know Before they Walk in The Door

Elethia Dean

Ensure you are fully prepared before your next survey. In this session, we'll review a Medicare survey and give participants the actual surveyor worksheet from CMS and cover what the surveyor goes through during a CMS survey so that you can evaluate your own ASC and complete it

SESSION 4B

Periop Bundles: Effective Strategies Are Within Your Reach

Kimberly Prinsen

This presentation will discuss evidence-based interventions ASCs should consider including in a perioperative bundle to help reduce risk.

SESSION 4C

ICD-10 Updates for 2019-2020 and Common Challenges for Spine and Orthopedics- CPT

Alison Kuley

A thorough review of the proposed updates and changes to CPT and ICD-10 codes for the coming year. Also discussed will be some of the most common coding challenges for Spine and Orthopedics, including documentation issues and how to resolve them. How to determine the type of grafts and implants being used in spine surgery. Common coding challenges in orthopedic procedures

GENERAL SESSION - 10:45 – 11:45 A.M.

Active Shooter Preparedness and Response – An ASC Perspective

Lee Eaves

What would you do if an active shooter was in your center...disgruntled employee, spouse, patient or even someone you may not know? This ASC-specific session discusses considerations related to security in your center. We'll define sources of workplace violence, risk factors for violence in an ASC and responses of an active shooter in your center!

11:45 – 1:00 » LUNCH

BREAKOUT SESSIONS 5 » 1:15 – 2:15 P.M.

SESSION 5A

Succession Planning for ASC Leadership

John J. Goehle

Key doctors and staff in many centers are likely approaching retirement. How does that impact the future success of the center? This session will discuss the important aspects of planning for those changes and assisting the center's board make decisions that prepare for those inevitable changes.

SESSION 5B

Substance Use Disorder in Nursing

Terry Pope

Nurses who abuse substances pose a unique challenge to the profession. Substance abuse can have far-reaching and negative effects, not only on the nurses themselves, but also upon the patients who depend on the nurse for safe, competent care. Category A - ORC 4723.35

SESSION 5C

Accounts Receivables – How to Improve RCM Through Efficient Collections

Tony Martini

Learn how you can help improve your revenue cycle management with the right partners. Get an understanding of the laws around collections and how you can help outside partners be successful for you and your organization.

BREAKOUT SESSIONS 6 » 2:30 – 3:30 P.M.

SESSION 6A

Updated Life Safety Compliance Requirements and Most Common LSC Citations

Angela Timperio

Life Safety Code (LSC) continues to be an ongoing issue for many ASCs.

Hear the latest changes that are being made to national LSC standards and review the most common problems found in Ohio.

SESSION 6B

Achieving and Maintaining Quality in the ASC

Amiee Mingus

Bruce Bardall

Understand how to create and maintain a quality program that will allow your ASC to thrive.

SESSION 6C

Medicare Billing Issues an Update from CGS

Juan Lumpkin

Hear the details from Ohio's Medicare Administrative Contractor (MAC), CGS, on the latest issues, concerns and updates when it comes to ASC billing for Medicare patients.

This is a perfect opportunity to get your questions answered from Ohio's Medicare MAC.

EVALUATION/TRAVEL HOME

KEYNOTE SPEAKERS

Laurie Guest, CSP

Laurie Guest, CSP, has over two decades of healthcare experience serving both a privately-owned medical facility and a community hospital system. During her administrative career she helped an ambulatory surgical center become a regional leader of ophthalmic surgery. Because of her experience with direct patient she understands the challenges of working in a stressful, fast-paced environment. Her passion for patients and practical approach to connecting with others is what makes Laurie a favorite speaker among healthcare audiences.

In 1997 she formed her own speaking and training company designed to help others create noteworthy guest experiences. Today she is a certified speaking professional, a designation held by less than 12% of speakers worldwide.

Yonason Goldson

Yonason Goldson is director of Ethical Imperatives, LLC, teaching professionals how good ethics is good business and the benefits of intellectual diversity. He's a keynote speaker, TEDx presenter, and community rabbi, as well as a repentant hitchhiker, recovered circumnavigator, former newspaper columnist, and retired high school teacher in St. Louis. He's the author of hundreds of articles applying ancient wisdom to the challenges of the modern world, and five books including "Fix Your Broken Windows: a 12-step program for promoting ethical affluence" and "Proverbial Beauty: secrets for success and happiness from the wisdom of the ages."

Lee M. Eaves

Lee M. Eaves is currently a security and risk consultant for Agape Tactical, LLC. In this role he provides services such as active shooter training, vulnerability risk assessments and consulting in the areas of security, risk and internal investigations.

Lee was previously employed as a Special Agent with the United States Secret Service tasked with the dual mission of protecting our nation's financial infrastructure and protecting our nation's leaders.

He is tasked with active shooter prevention, training, and assessments numerous large organizations. Mr. Eaves, having a healthcare background and a spouse who is an ASC administrator, understands and appreciates the unique challenges present when addressing the active shooter threat in the modern ASC.

William (Bill) Prentice

CEO, Ambulatory Surgery Center Association (ASCA) and Ambulatory Surgery Foundation (ASF).

Being a seasoned lobbyist and association executive for a variety of organizations including the American Dental Association, Bill knows first-hand the ins and out of Capitol Hill and Washington D.C. politics.

And while the environment in our nation's capital is turbulent on a multitude of fronts, health care policy (legislative and regulatory) remains one of the hot buttons. These decisions in this heated environment can have real impacts on you and your center's ability to operate.

FELLOW ASC COLLEAGUES

I think you would agree with me that there really is no more perfect example of excellence in healthcare than the ambulatory surgery center industry. Where else in healthcare can you have the perfect joining of efficiency, patient satisfaction, quality, cost effectiveness and most importantly, patient care.

That is why we are continuing our Drive Towards Excellence at this year's annual conference for Ohio ASC professionals.

We will again be offering a wealth of education, information and technical resources that can't be matched in the Midwest and maybe even the country.

Whether it is quality improvement, regulations, staffing issues, coding, cash flow management, administrator oversight, life safety code updates or infection prevention our conference covers the entire course of issues important to your ASC.

And speaking of infection prevention, we will again be having our highly rated day-long pre-conference IP session related to current issues/citations, planning, addressing top infections and detailed information on a new certification for ASC IP professionals.

This year we are providing some twenty five different sessions throughout the three-day conference including a general session devoted entirely to ASC specific active shooter training. All of our general session and breakout sessions will provide incredible resources for you and your center.

And let's not forget our incredible vendor area and evening networking events, especially our Wednesday event at TopGolf. This is truly going to be a fun evening and even if you are not a golfer, you will have fun and may catch the golf bug before the end of the evening.

On behalf of the Board of Trustees of the OAASC, I look forward to seeing you in September for what promises to be yet another outstanding conference.

Victoria Caillet

Chair, Ohio Association of Ambulatory Surgery Centers

PRECONFERENCE

TUESDAY, SEPTEMBER 17

10:00 a.m. - 4:00 p.m.

(1/2 hour lunch)

SEE REGISTRATION FORM OR ONLINE REGISTRATION FOR PRICING.

Comprehensive IP Planning and Intervention

Elethia Dean, RN, BSN, MBA, PhD, ASC Compliance

MRSA: A Personal Case Study

William Schmelzer, MPA

A Primer to the New Certified Ambulatory Infection Prevention (CAIP) Certification

Cheryl Cunningham, RN, BASC, CAIP, Findlay Surgery Center

There is only one place in Ohio to receive the very best ASC-specific infection prevention training tailored just for you and your Ohio center.

As you know ODH is requesting that ASCs have continuing education on Ohio-specific infection prevention. With recent outbreaks of numerous life-threatening infections in other types of health care facilities this year, you can be assured this will again be a high priority for ODH. And as you know the top citation ODH finds are IP related including lack of appropriate controls/plans, oversight, appropriate sterilization practices, annual Ohio-specific IP professional training and in-service training.

Are you sure that you are meeting requirements with a highly effective infection prevention program?

- **Nationally recognized ASC infection prevention (and Ohio's own) expert Elethia Dean will again share her Ohio-specific expertise on wide variety of IP issues** including top Ohio IP citations, ensuring appropriate sterilization techniques, addressing significant infection issues BEFORE they become a problem and ensuring your center all the documentation and plans in place for a successful IP program, assure patient safety and pass your surveys with flying colors.
- **Local health care professional William Schmelzer will share his journey in life since acquiring a life threatening infection** through a surgical site infection. His life story is an incredible an eye opening experience of the importance of ensuring that all infection prevention protocols are followed and patient safety should be first and foremost in all health care settings.
- **Ohio ASC Administrator Cheryl Cunningham from the Findlay Surgery Center will provide a primer to the new Certified Ambulatory Infection Prevention (CAIP) Exam**, which she just recently successfully completed. This is the first certification designed specifically for infection preventionists in the ASC industry and is for those with a comprehensive understanding of the skills and knowledge that the role of an ASC infection preventionist requires. As a part of her presentation Cheryl will share her perspective on the program including Content, Application, Insight and Preparation

There is ONLY ONE place in Ohio to get AFFORDABLE training and resources you need for your center AND address the most common issues cited in Ohio by inspectors. No need to travel to expensive trainings out of state when you can receive ALL that you need (that is Ohio based) for your center here.

Our pre-conference session on Sept. 17 from 10:00 a.m. - 4:00 p.m. in advance of the OAASC annual multidisciplinary conference will cover the all the issues and concerns facing OHIO ASC professionals on a wide range of infection prevention topics.

Attendance will meet CMS and ODH requirements for infection prevention continuing education. All participants will receive a certificate of participation, information for in-service training and continuing education (nursing and BASC - see disclaimer).

And most importantly, you will have what you need for the highest quality of care for your patients on infection prevention in your center.
