

THE GREAT BALANCING ACT

Managing Daily Details and
Big Challenges in Changing Times

2021 OAASC ANNUAL EDUCATIONAL CONFERENCE

September 27 - September 28, 2021 | Hilton Polaris • 8700 Lyra Drive • Columbus, OH

Thank you to our generous sponsors

PRESIDENT'S MESSAGE...

I think you would agree with me that there really is not a more perfect example of excellence in healthcare than the ambulatory surgery center industry. Where else in healthcare can you have the perfect joining of efficiency, patient satisfaction (coupled with physician and employee satisfaction), cost-effectiveness and most importantly, quality patient care?

Having missed all of you last year and coming off a year like no other, this year's conference theme, THE GREAT BALANCING ACT, seems to say it all. I am not sure about all of you, but I learned things in the past 16 months that continue to amaze me and sometimes I wonder how we all did it...yes, THE GREAT BALANCING ACT.

In keeping with the OAASC's tradition of "something for everyone" you will see that we have a vast array of speakers on various subjects that we believe contribute to balancing what we all do on a daily basis. Whether it be you, your nurse manager, your business office manager, one of your team members – you will all find something that relates to your area of expertise and will help fill any gaps you may be trying to balance.

Day one is solely devoted to Infection Prevention and will provide all the information that is needed to assist you and your team with TJC, AAAHC, ODH and CMS requirements and what we are hearing to be "hot topics" as those entities are back to on-site surveys.

And let's not forget our vendor area! Our vendors have stood by us this past year, waiting for us to gather again and they are back, bigger and better than ever!

It's been a long time my friends, so much has happened since we last met and on behalf of the Board of Trustees of the OAASC, I look forward to seeing you in September for what promises to be yet another outstanding conference.

Can't wait to hear how well you have "balanced" since we last were together,

Barb Draves, CASC
OAASC Chair

THE GREAT BALANCING ACT

OAASC Annual Educational Conference

INFECTION PREVENTION WORKSHOP

Monday, September 27, 2021

Part 1 - Regulatory Requirements and How to Comply: We'll kick-off our day of infection prevention instruction with Cathy Montgomery, RN, CASC, of Excellencia Advisory Group. Her presentation will provide you with the 2021 requirements that you should be aware of to face your next State, Federal, OSHA, or EPA survey. Additionally, we will provide you the tools to make it happen! This has been a challenging year that has left more questions than answers. Knowing the expectations should prove to be valuable knowledge. While it is true there are some differences between the accrediting organizations, when it comes to Infection Control there is an alignment. Special points of interest will include:

- OSHA's memorandum and guidance on N95 reuse and fit testing
- Federal Emergency Operations Plan development for Emerging Infections Diseases effective 3/26/21
- How do you know what the EPA has approved as a disinfectant for COVID?
- Discussion of current Infection Control citations
- Where to find the CMS memos

Part 2 - Infection Control Strategies for Your Patients and Staff: After a short break we will reconvene with Cathy's associate, Loie Ruhl Couch, RN, BS, CIC, FAPIC. Knowing the rules is important, but we are all in this to keep each other safe. This includes your patients AND staff. Loie will lead a session on how to ensure this can be done. This past year has likely challenged our creativity skills. This is a good time to reflect on how that worked out and review short cuts that may be putting all at risk. Let us look at the basics that are not only best practice, but also required expectations in the ASC arena. This session will focus on the following:

- Surveillance and tracking for the ASC
- Pharmacy and safe injection practices
- Sterilization "musts"
- Housekeeping

Part 3 - Infection Prevention in Ohio ASCs – What you Need to Know about the Most Common Citations and How to Avoid Them: After lunch we will resume with Elethia Dean, RN, BSN, MBA, PhD of ASC Compliance. Elethia will take the afternoon to review the status of current infection prevention issues specific to Ohio, focusing on the most common citations noted in recent surveys and how to avoid repeating those at your center.

You don't want to miss this timely and informative day of education presented by the most knowledgeable professionals in the industry!

There is ONLY ONE place in Ohio to get AFFORDABLE training and resources needed for your center AND address the most common issues cited in Ohio by inspectors. No need to travel to expensive trainings out of state when you can receive ALL that you need for your center here.

Attendance will meet CMS and ODH requirements for infection prevention continuing education. All participants will receive a certificate of participation, information for in-service training and continuing education (nursing and BASC – see disclaimer). And most importantly, you will have what you need for the highest quality of care for your patients on infection prevention in your center.

Monday, September 27, 2021

INFECTION PREVENTION WORKSHOP

8:30 AM - 9:20 AM
9:20 AM - 9:30 AM

Registration and Continental Breakfast with Exhibitors
Welcome

Tuesday, September 28, 2021

GENERAL EDUCATION SESSIONS and BREAKOUTS

7:00 AM - 7:30 AM

Continental Breakfast with Exhibitors

7:30 AM - 7:45 AM

Welcome

7:45 AM - 8:45 AM | Keynote Address

Live and Lead with G.R.I.T.

Dr. Melissa Briggs-Phillips

Pluck. Moxy. Determination in the face of seemingly insurmountable odds. "Grit" is a term used by educational czars, cross fit instructors and business leaders in reference to personal gains, athletic prowess, market acumen and physical feats that boggle the mind. Science indicates that the power of perception may trump raw physical and intellectual ability. In other words, all of those burpees mean nothing if your head is not right! Gratitude. Responsibility. Intention. Toughness. G.R.I.T represents FOUR CORE FACTORS that Dr. Melissa has researched, observed, trained, taught and practiced herself. Learn what these FOUR CORE FACTORS look like in yourself and others (you may be surprised) and leave with action items to try and achieve your goals with G.R.I.T.

General Session | 8:45 AM - 9:45 AM

2021 National Legislative and Regulatory Update

Kara Newbury, William (Bill) Prentice

Kara and Bill will review the latest news from Washington D.C. affecting ASCs on a national front as our industry gets back to business as we know it. After many months of unusual and unexpected challenges, this session will help us re-focus on the important legislative and regulatory issues that affect our centers.

Tuesday, September 28, 2021 Cont'd...

GENERAL EDUCATION SESSIONS and BREAKOUTS

9:45 AM-10:15 AM Coffee and Exhibit Break

General Session | 10:15 AM - 11:15 AM

A Reflection of 30 Years in the ASC Industry

John Goehle, MBA, CASC, CPA

After surviving such a challenging year, it's the perfect time to reflect on our industry's past, present and future. John will discuss the early years of the ASC industry and how it has changed in 30 years. His presentation will highlight the biggest lessons learned and where we might be headed as we all look to the future.

Concurrent Sessions | 11:30 AM - 12:30 PM

The Joint Commission ASC Compliance Update

Angela Timperio

Angela will provide an update that discusses changes to the Accreditation Process, and how they will affect ASCs for the remainder of 2021 and into 2022.

2021 AAAHC and QAPI Update and Review

Elethia Dean, RN, BSN, MBA, PhD

Have you been wondering what recent changes have been put in place with AAAHC and QAPI? Elethia will review what you need to be aware of to ensure your center is prepared for your next survey and assessment.

12:30 PM -1:30 PM Lunch

Concurrent Sessions | 1:30 PM - 2:30 PM

Best Practices for ASC Peer Review

Eric Plinke, Esq.

Eric's session will guide you through a summary of best practices and policies for ASCs in conducting peer review activities, protecting confidentiality and preserving immunity. (Session Meets Cat A Ohio Nursing Requirement.)

What We've Learned about Inventory Management in the Post COVID World

Heather Changet

Heather will provide a close look at how inventory management in ASCs has changed in the wake of the COVID-19 crisis. Her session will provide concepts to help attendees pivot to a new understanding of preparedness and planning.

Concurrent Sessions | 2:45 PM - 3:45 PM

Developing an Emergency Management Preparedness Plan

Angela Timperio

Are you confident in your center's Emergency Management Preparedness Plan? Have the challenges of the past year and a half left you feeling like improvements could be made? This presentation will lead you through hands-on learning where you will actually start building a great emergency plan for your facility.

Ransomware and Your Facility IT. Are you Aware and Prepared?

Eric Madden

These days you simply have to turn on the news to realize that ransomware is one of the newest threats to your facility's IT integrity. Eric and his teammates will provide a review of this timely and challenging topic, and offer tips and suggestions to make sure your center is protected and prepared.

Concurrent Sessions | 4:00 PM - 5:00 PM

Resilience - Turning Adversity into Opportunity

Brian Garver

2020 and 2021 have been challenging years! The Healthcare Revenue Cycle Industry is difficult in regular times, but now we are really in the weeds. Patients are facing additional challenges of their own and need help more than ever. How can you and your team come out on the other side of this even better? The key is Resilience. Developing resilience in yourself and your team will help in your work and personal lives.

Doing This...Will Make Your Center a Top Performer!

Tori Caillet, RN, BSHCA, CNOR, CASC

Did you know that adding a few important details to everyday life at your ASC can help it become a top performing facility? Hand-off communications, maintaining a neat and tidy center and drills will be discussed; but we will also take a timely look at vaccine management and tips for developing a Respiratory Protection Program.

5:00 PM Conference Adjourns - Evaluation Submission

THE GREAT BALANCING ACT

OAASC'S ANNUAL EDUCATIONAL CONFERENCE | SEPTEMBER 27 - SEPTEMBER 28, 2021

FEATURED KEYNOTE SPEAKER

Dr. Melissa Briggs-Phillips
Owner and Founder
Next Generation Behavioral Health

Melissa Briggs-Phillips, PhD, is owner and founder, Next Generation Behavioral Health and a licensed clinical psychologist with a corporate background. In addition to serving as a leader of people and projects herself, she has spent years coaching people through career pivots and life transitions. She knows the full, real deal about people's internal processes: why they leave bosses, why they drive chaos with co-workers, why you cannot get alignment across teams, why you need 3 glasses of cabernet to stop ruminating about an exchange in a meeting. She will outline the "G.R.I.T." approach, a framework to personal and professional growth that is a fusion of best practices in organizational psychology, behavioral health, and leadership.

EXHIBITORS

Exhibit Area
